Summary

Software Engineer with a passion for designing and developing scalable, fault-tolerant, and innovative solutions. With hands-on experience on Java & frontend projects and a strong foundation in computer science, commitment to continuous learning and growth mindset.

Education

BSc. Computer Science (with Data Science)
IIMT University, Meerut, 2024
Higher Secondary Certificate (12th Grade)
RAB Public School, Meerut, 2021

Skills

- ✓ Proficient in Java and Object-Oriented Programming.
- ✓ Strong foundation in Python, JavaScript, React.js.
- ✓ MySQL, MongoDB.
- ✓ Git
- ✓ Communication, problem-solving, teamwork
- ✓ Strong analytical mindset, eager to learn new technologies
- ✓ Proficient in problem-solving and algorithmic design

Projects

- **Beat Box – Java Music Sequencer** *(Java, Swing, MIDI, Sockets, Serialization)*
  - Built a **music sequencer** using Swing for UI and MIDI for sound generation.
  - Implemented **network sharing** via sockets for real-time beat collaboration.
  - Enabled **saving & loading beats** with serialization.

GitHub link   Demo link

- **Shopping Site -** Deployed Link (Frontend Project)
  - Implemented features like product listing, shopping cart, and checkout process.

Experience

Order Management Executive   **Noon**, Gurugram
September 2024 – November 2024

- Managed and processed customer orders efficiently in a dynamic environment.
- Collaborated with cross-functional teams to resolve order issues promptly.
- Developed communication skills.
- Gained exposure to backend systems and workflow management tools.

Certification

- Machine Learning (from IIT Kanpur).
- NPTEL Certificate - Database management, Soft Skills and E-business.
